YES  NO  NOT SURE

Is the patient on dialysis?  YES  NO

Dialysis center:

*\*We are providers for many insurance plans, but not all plans accept telehealth-only providers. If we are not a provider for the patient's insurance, we have reasonable self-pay options.*

**Please fax this form along with a demographic sheet and the most recent office note to: 833.370.2043**

### Eligibility

- ✓ CKD Stage 3b, 4, 5 or dialysis
- ✓ Any patient interested in advanced planning for kidney failure (e.g., based on family experience)
- ✓ Potential living donor candidates
- ✓ Other patients the referring nephrologist thinks might benefit from Square Knot Health

### Services

#### Transplant Navigation

- An assigned Navigator with personal transplant experience to mentor patients and donors and help them navigate the complex transplant process, from listing through post-transplant
- Education: risks and benefits of transplant, live donation, success with kidney transplant
- Navigator, Transplant Nephrologist, and other Transplant Professionals provide pre-evaluation for transplant candidacy, to identify barriers to transplant and create a plan to address them

#### Support

- Coaching and care management to overcome barriers to kidney transplant or donation
- Resources to keep patients prepared and motivated while awaiting transplantation

#### Living Donor Search and Support

- Assistance finding a living kidney donor
- Education on best practices for conducting a donor search
- Living kidney donor pre-evaluation and coaching for any barriers to donation

**If you have questions please call Transplant Navigator Jullie Hoggan: 617.468.1382**
